

BMP003 - CLASS 2 FORKLIFT EXTENSION SLIPPERS

www.bremco.com.au

Product Description

Made in our Australian Factory
Bremco's Forklift Extension Slippers allow you to temporarily lengthen the tynes of your Fork Truck for load stability and are ideal for large crates or machinery items.

The tapered slim profile of our Forklift Extension Slippers are made from fully fabricated plate sections.

IMPORTANT NOTE

In accordance with AS2359.15 Forklift Slippers for general use should be no longer than 167% of the supporting forklift tyne length. If the slippers are longer than this, then their use shall be restricted to their specified application.

Finish: Hot Dip Galvanised

NB: Complies with AS2359.15

Compliance plate and serial number attached
