

Forklift Fixed Jib

Product Code: BMP011

Convert your forklift for some intense lifting

The Bremco Forklift Fixed Jib allows you to lift and reach with efficiency. Take advantage of the special slip ring, which can be moved along the saw tooth plate to achieve the optimum lifting capacity.

We can also custom fabricate a forklift fixed jib for your specific requirements. Read more about how we can work with you to develop the ideal custom steel fabrication solution for your warehouse.

Keep your workplace safe and operating effectively with Bremco forklift attachments
