

Forklift Economy Jib

Product Code: BMP016

Convert your forklift for some intense lifting

The Bremco Forklift Economy Jib is an inexpensive way to convert your standard forklift into a small crane and is a great way to transport heavy, awkward items around your workshop or yard.

We can also custom fabricate a forklift heavy duty extension jib for your specific requirements. Read more about how we can work with you to develop the ideal custom steel fabrication solution for your warehouse.

Keep your workplace safe and operating effectively with Bremco forklift attachments
