

## Double Gas Cylinder Trolley – G Size

Product Code: BMP017-GPG

### Use our trolleys to move gas cylinders safely.

Safely move and store your gas bottle cylinders with Bremco's Double Gas Cylinder Trolley – G Size. Suited for the larger G size gas cylinders, this trolley can be made with either pneumatic or solid wheels.

Bremco gas trolleys are designed to safely move and store cylinders around your work site and include a platform made of solid steel and safety chains for each cylinder to secure the load.

Additional extras:

- Hose rack and/or Tool tray

### Specifications

- WLL: 150kg
- Finish: powder coated black

*For complete engineering specifications please refer to specifications sheet on our website.*
