

Drum Trolley and Rack

Product Code: BMP020

Safely transport and store your drums.

This unit aids with ergonomically safer manual movement of drums and can be used as a horizontal rack for decanting product.

Once the drum is horizontal on the rack, rotate the drum to the desired position with the horizontal nylon rollers, to allow perfect tap positioning.

Keep your workshop safe with Bremco's drum handling equipment.

Specifications

- WLL: 450kg
- Wheels: 250mm diameter rubber on cast centre
- Finish: painted yellow enamel

NB: Removable back for convenience. Complies with AS2359.1 section 12. Compliance plate and serial number attached.
