

2.5 Tonne Forklift Extension Jib

Product Code: BMP024

Convert your forklift for some intense lifting.

Lift and place with accuracy with the Bremco 2.5 Tonne Extension Jib (BMP024).

Designed for the transportation of long loads, it can be slung at greater centers than with a fixed jib due to the manual extension.

Unit comes standard with hook, shackles and pins.

We can also custom fabricate a forklift extension jib for your specific requirements. Read more about how we can work with you to develop the ideal custom steel fabrication solution for your warehouse.

Keep your workplace safe and operating effectively with Bremco forklift attachments.
