

Step Pick Trolley

Product Code: BMP028

Made in our Australian Factory.

The Bremco Step Pick Trolley is designed for easy maneuverability in any warehouse or factory location where the shelving is above standard height.

Safety is assured with support handles and the three steps are spring loaded using our unique gas strut breaking system. The trolley comes in a powder coated blue finish.

Bremco can also custom manufacture a step pick trolley to your requirements.

Specifications

- WLL: 400kg
