

Twin Gas Cylinder Trolley (Crane and Fork Lift)

Transport gas cylinders with your crane and forklift.

Bremco's Gas Cylinder Trolley – Twin (Crane / Forklift) is designed to be pushed, crane-lifted or fork-lifted around the work site. Ideal for use on construction sites where traditional trolleys may be difficult to manoeuvre around the site.

The overhead lifting frame is tested and certified to AS4991 and each trolley is tagged and tested, then supplied with a rating plate to meet the standard.

We can also custom fabricate a forklift safety cage for your specific requirements. Read more about how we can work with you to develop the ideal custom steel fabrication solution for your warehouse.

Keep your workplace safe and operating effectively with Bremco crane and forklift attachments.
