

## Crane Lift Pallet Hook – 2T

Product Code: BMP037-2T

### Use your crane to reach new heights.

Bremco's Crane Lift Pallet Hook – 2T is designed for the overhead lifting of palletised goods by Crane Truck or Gantry Cranes and are typically used in the construction industry to move products such as bricks, blocks, timber, cement and tiles.

These units have a load balancing slip-ring that can be positioned to suit the centre of gravity on the lifted load, and adjustable forks are standard with our units, allowing fast adjustment for the operator.

### Specifications

- WLL: 2000kg
- Tyne Dimensions: 130mm x 40mm
- Tyne Length: 1055mm
- Finish: painted enamel finish

*NB: Complies with AS4991. Compliance plate and serial number attached.*
