

Crane Lift Pallet Hook

Product Code: BMP037

Use your crane to reach new heights.

The Bremco Crane Lift Pallet Hooks are designed for the overhead lifting of palletised goods by Crane Truck or Gantry Cranes and is typically used in the construction industry to move products such as bricks, blocks, timber, cement and tiles.

These units have a load balancing slip-ring that can be positioned to suit the centre of gravity on the lifted load, and adjustable forks are standard with our units, allowing fast adjustment for the operator.

Available options: 1000kg, 2000kg and 3500kg Working Loads

We can also custom fabricate a crane lift pallet hook for your specific requirements. Read more about how we can work with you to develop the ideal custom steel fabrication solution for your warehouse.

Keep your workplace safe and operating effectively with Bremco crane attachments.

Specifications

Product Codes	BMP037-100	BMP037-200	BMP037-350
Working Load Limit	1000kg	2000kg	3500kg
Tyne Length	1106mm	1045mm	1055mm
Tyne Width	130mm	130mm	150mm
Tyne Thickness	40mm	40mm	50mm
Unit Width	916mm	916mm	916mm
Unit Height	1866mm	1866mm	1960mm
Tare Weight	127kg	230kg	340kg
Tyne Centres	900mm wide – adjusting to 700mm		
Finish	Powder Coated Safety Yellow		

NB: Complies with AS4991. Compliance plate and serial number attached.
