

## Forklift Heavy Duty Extension Jib

Product Code: BMP085

### Convert your forklift for some intense lifting

The Heavy Duty Extension Jib is designed for the heavier range of forklift, for handling large unpalletised loads, with the added flexibility of a multi-adjustable extension. The unit comes standard with Hook, Shackles and Pins.

We can also custom fabricate a forklift heavy duty extension jib for your specific requirements. Read more about how we can work with you to develop the ideal custom steel fabrication solution for your warehouse.

Keep your workplace safe and operating effectively with Bremco forklift attachments
