

Forklift Broom Attachment

Product Code: BMP119

Made in our Australian Factory.

Sweep areas contaminated by litter, cans, cartons and gravel with your forklift or tractor with the Bremco Forklift Broom Attachment. This slip on attachment is also designed to sweep or move grain, sand, rocks, glass, mud, leaf debris and many other materials.

The unit is designed with 8 rows of filament, graded PP gauges and positive brush retention for safe sweeping.

Refill brush units are available.

Specifications

- Tyne Pockets: 144mm x 44mm
- Tyne Pocket Centres: 650mm
- Finish: Powder-coated blue

NB: All Forklift Attachments are made and tagged to AS2359
