BREMCO METAL PRODUCTS

Bremco Metal Products is a manufacturer and steel fabricator of materials handling equipment, specialising in items such as Forklift Attachments, Crane Attachments, Drum handling equipment, Trolleys and Warehouse Trolleys, Steel Pallet Cages, Steel Stillages and customised Steel Racking, Platforms and Handrails.

Our design team can provide 3D AutoCAD Inventor drawings and support these drawings with full engineering compliance to the relevant Australian Standard.

Summary

Bremco Metal Products is 100% Australian owned and has manufactured lifting attachments for over 25 years. We are a leading designer and manufacturer of steel fabricated Material Handling equipment specializing in the production of Crane Attachments (below hook) and Forklift Attachments from our standard range offerings to complex custom design solutions.

Bremco operates in all sectors, including Construction, Mining, Manufacturing, Transport, and Warehousing throughout Australia.

Our crane lifting attachments, stillages, warehouse trolley and more are manufactured in-house by our

experienced team, and feature fully welded construction.

We can custom design, engineer, and manufacture to your specific lifting plans and our in-house tradespeople are qualified to AS/NZS 1554.6 and AS/NZS 1554.1.

Bremco's Engineering design team specialise in: -

- . AS2359 (Forklifts & Attachments)
- . AS4991 (Crane Lifting Devices)
- . AS3990 (Mechanical Steelwork)
- . AS4100 (Steel Structures)

Description

Bremco Metal Products is a manufacturer and steel fabricator of materials handling equipment, specialising in items such as Forklift Attachments, Crane Attachments, Drum handling equipment, Trolleys and Warehouse Trolleys, Steel Pallet Cages, Steel Stillages and customised Steel Racking, Platforms and

Handrails.

Our design team can provide 3D AutoCAD Inventor drawings and support these drawings with full engineering compliance to the relevant Australian Standard.

BREMCO METAL PRODUCTS

Industries Served

- Construction & Engineering
- Manufacturing
- Oil, Gas & Energy
- Retail, Trade & Other Services
- Steel

Facilities & Equipment

- CAD 3D Modelling
- CNC Bandsaws
- CNC Brake Press
- CNC Plasma Cutter
- NC Tube & Pipe Benders
- Guillotine | Steel Guillotine
- Welders
 - - MIG Welder
 - - Mobile Welder
 - - TIG Welder

Products & Services

- Forklift Attachments
- Crane Lifting Attachments
- Mechanical Steel Equipment
- Stillages & Pallet Cages
- Warehouse & Workshop Custom Trolleys
- Gas Bottle Lifting & Handling
- Custom Steel Fabrication

Accreditations

- ISO 9001-2015 Quality Management System
- Engineers being RPEQ recognised in both Mechanical & Civil Engineering qualifications

BREMCO METAL PRODUCTS

Previous Significant Projects

Client: Trades & Plumbing Colleges

Project: Metalwork Fitouts

Year: 2022

Value: \$200,000

Description: Workshop equipment including custom designed handling devices and confined space training modules

Client: Sulzer

Project: Barrow Island Gas Project

Year: 2016

Value: \$600,000

Description: Manufactured hoppers and bin tippers for decanting catalyst into storage silos. Ongoing project.

BREMCO METAL PRODUCTS

Client: CEVA Logistics

Project: Tyre Stillages

Year: 2015

Value: \$1,500,000

Description: Manufactured 3500 tyre stillages (for three type of types - light, truck and passenger) to a tight production deadline.

Met production deadlines and targets. Customer extremely satisfied.

Client: Woollam Construction

Project: Elston House

Year: 2014

Value: \$400,000

Description: Manufactured and erected on site structural roof steel, fire stairs, hand rails.

BREMCO METAL PRODUCTS

Client: Bechtel

Project: Curtis Island

Year: 2013

Value: \$175,000

Description: Yard trolleys

Client: Major Brisbane Festivals

Project: Q150 Demountable Shed

Year: 2009

Value: \$700,000

Description: Created a demountable shed for the Queensland 150 years celebrations.
